

DR. SYDNE RECORD

ASSISTANT PROFESSOR
Department of Biology
Bryn Mawr College
Park Science Building, Room 209
Bryn Mawr, Pennsylvania 19010
srecord@brynmawr.edu
Cell: (801) 703-4653

Education

- 2010 University of Massachusetts Amherst
Ph.D. Plant Biology
Dissertation: Conservation while under invasion – Insights from a rare hemiparasitic plant, Swamp Lousewort (*Pedicularis lanceolata* Michx.)
Adviser: Aaron Ellison
- 2003 University of Puget Sound
B.S. Biology (Honors)
Thesis: Vascular plant biodiversity at Spray Park, Mount Rainier National Park
Adviser: Katherine Glew

Professional appointments

- 2014- Assistant Professor, Bryn Mawr College, Bryn Mawr, PA (initial tenure-track reappointment completed)
- 2012-2017 Research Associate, Harvard Forest, Harvard University, Petersham, MA
- 2013-2014 Postdoctoral Fellow, Department of Forestry, Michigan State University, East Lansing, MI
Advisers: Andrew Finley and Rich Kobe
- 2012-2013 Visiting Assistant Professor, Smith College, Northampton, MA
- 2010-2012 Postdoctoral Fellow, Harvard Forest, Harvard University, Petersham, MA
Advisers: Aaron Ellison, Matthew Fitzpatrick, Kristina Stinson

Funded grants

- 2016 National Aeronautics and Space Administration (\$150,441 total award; \$27,558 Bryn Mawr sub-award), “Connecting biodiversity, geodiversity, and remote sensing across scales” (PI: P. Zarnetske, Co-Is: S. Record, Kyla Dahlin)
- 2015 National Science Foundation (\$300,000 total award; \$124,577 Bryn Mawr), “Collaborative Research: EAGER-NEON: Using intra-specific trait variation to understand processes structuring continental-scale biodiversity patterns” (PI: S. Record, Collaborators: P. Zarnetske, B. Baiser, A. Strecker)
- 2015 National Science Foundation (\$791,983 total award), “A forest full of Big Data: the Harvard Forest Summer Research Program in Ecology 2015-2019” (PI: A.M. Ellison, Senior Personnel: S. Record)

- 2015 Howard Hughes Medical Institute New Directions Grant (\$22,000), "Genomic distribution models" (PI: S. Record)
- 2015 Tri-Co Mellon Seed Grant (\$600), "Ecology collaborations across the Tri-Co" (PI: S. Record)
- 2012-2014 British Ecological Society, "Demographic tradeoffs in parasitic plants: Cheating towards success?" \$8,000 (PI: O. Jones, co-Is: R. Salguero-Gómez, M. Crawley, S. Record)
- 2012-2013 Long Term Ecological Research Network Office, "A guide to successful graduate student socio-ecological research: Insights from the Long Term Ecological Research Network." \$9,225 (PI: S. Record)
- 2009-2011 Long Term Ecological Research Network Office, "Identifying the benefits and barriers to graduate student urban cross-site socio-ecological research" \$8,100 (PI: Romolini, co-Is: J.M. Grove, L. Ogden, S. Record, S. Geiger, Y. Marusenko)
- 2011 Nantucket Biodiversity Initiative, \$500, "Leaf mines and galls of Nantucket and Tuckernuck Islands." (PI: C.S. Eiseman, Co-Is: S. Record, N.D. Charney)
- 2009-2010 National Science Foundation, Division of Biological Sciences, \$12,715, "Doctoral Dissertation Improvement Grant: Testing the effects of priors on prediction error in Bayesian demographic models" (PI: A.M. Ellison, Co-I: S. Record)
- 2007-2010 Massachusetts Natural Heritage and Endangered Species Program, \$8,000, "Conservation while under invasion: Insights from a rare hemiparasitic plant, *Pedicularis lanceolata*. (PI: S. Record)
- 2009 New England Botanical Club, \$1,000, "*Pedicularis lanceolata* in Massachusetts." (PI: S. Record)
- 2007 University of Massachusetts Natural History Collections, \$1,500, "Core and edge populations of *Pedicularis lanceolata*." (PI: S. Record)
- 2007 University of Massachusetts Amherst R.J. Davis Botany Grant, \$1,300, "Core and edge populations of *Pedicularis lanceolata*." (PI: S. Record)

Publications (An * indicates an undergraduate co-author):

Software

Charney, N.D. and S. Record. 2009. Vegetarian: Jost Diversity Measures for Community Data. R package version 1.1. Online at <http://CRAN.R-project.org/package=vegetarian>.

Teaching experiences

- 2014-2016 Assistant Professor, Bryn Mawr College, Bryn Mawr, PA
BIO 111 – Biological Explorations (Introductory Biology course)
BIO 225 – Biology and Ecology of Plants
BIO 250 – Computational Methods in the Sciences and laboratory
BIO 390 – Senior Seminar in Ecology (Non-research senior thesis)
BIO 398 – Senior Seminar: Science and Society (Non-research senior thesis)
BIO 399 – Senior Seminar in Laboratory Investigations (Research senior thesis)
Teaching Learning Initiative Pedagogy Seminar for Faculty (Participant)
- 2012-2013 Lecturer Smith College, Northampton, MA
BIO 154 - Biodiversity, Ecology, and Conservation two semesters (introductory undergraduate core course for science and non-science majors), BIO 154 – Biodiversity, Ecology, and Conservation Laboratory two semesters, and BIO 507 – Seminar: Advances and Problems in Biological Sciences one semester (graduate student seminar).
- 2011 Instructor, Mixed Models Workshop, Harvard Forest, Petersham, MA
Taught faculty and postdocs from around the world about mixed models and integral projection demographic models. Led in collaboration with Elizabeth Crone.
- 2011 Adjunct Professor, Keene State College, Keene, NH
BIO 363 – Plant Biology one semester (upper division undergraduate course with integrated lectures and laboratories).
- 2005-2009 Graduate Teaching Assistant, University of Massachusetts Amherst, MA
BIO 100 & BIO 101 Laboratory – Introductory Biology I and II (introductory undergraduate core course for science majors and non-science majors) four semesters, BIO103 – Plant Biology Laboratory one semester (introductory undergraduate course for science majors), and BIO 485 – Aquatic Vascular Plants one semester (field-based upper division undergraduate course with integrated lectures and laboratories).
- 2006 Organizer along with Dr. Paul Sievert, University of Massachusetts Amherst, MA
NRC 697B – Biostatistics Journal Club one semester (discussion-based graduate student course).

Mentoring

Bryn Mawr College (2014 - Present) A **indicates students from the STEM Posse*
(www.possefoundation.org)

Undergraduates

Annie Belgam	Fall 2015 – Spring 2016
Carol Bowe*	Summer 2015
Kyra Hoerr	Spring 2017 – Present
Frankie Leech	Fall 2015 – Spring 2016
Tess McCabe	Fall 2014 – Spring 2016
Sofia Oleas	Fall 2014 – Spring 2015
Paola Salas*	Spring 2016 – Spring 2016
Kalaina Thorne*	Spring 2016 – Present
Ann Tran*	Spring 2015 – Spring 2016

Postdoctoral Researchers

John Grady	Fall 2016 – Present
Quentin Read	Summer 2016 – Present

- 2006-2015 Primary mentor for 11 undergraduates (Alexander Arguello, Elisabete Baker, Laura Hancock, Peter Jenkins, Linn Jennings, Tess McCabe, Israel Marquez, Sam Safran, Erin Schaeffer, Colleen Smith, and Kalaina Thorne) through the Harvard Forest Research Experiences for Undergraduates Program, Petersham, MA. Of these, four were from traditionally under-represented groups.
- 2009 Supervised two undergraduate students (Amy Mays and Bronwyn Murre) assisting with greenhouse and field research for grant projects at the University of Massachusetts Amherst.
- 2009 Supervised a high school student (Jacob Trombley) who was assisting with grant projects at Harvard Forest, Petersham, MA.

Fellowships and Awards

- 2013 Ecological Society of America Scaling Up Early Career Scientist Travel Award (\$600)
- 2012 Harvard University Postdoctoral Development Award, \$1,000.
- 2009-2010 University of Massachusetts Amherst Gilgut Fellowship, \$30,000
- 2006-2007 University of Massachusetts Amherst Gilgut Fellowship, \$30,000.

Invited seminars & guest lectures

- To conserve nature should we focus on the actors or the stage? University of Alabama Biology Seminar Series, Tuscaloosa, Alabama (2017)
- Scaling up plant ecology: from ice age forests to New England bogs. Hampshire College, Amherst, Massachusetts (2017)
- Infusing natural history into ecological models. Yale School of Forestry, New Haven, Connecticut (2016)
- Moving beyond correlative species distribution models. Villanova University Biology Department Seminar Series, Villanova, Pennsylvania (2016)
- Moving beyond correlative species distribution models. University of Vermont Plant Biology Marvin Seminar Series (2015)

The future of our forests. Bryn Mawr College Board of Trustees, Bryn Mawr, Pennsylvania (2015)

The future of our forests. Bryn Mawr College Environmental Studies seminar, Bryn Mawr, Pennsylvania (2014)

Population ecology, Bryn Mawr College Ecology course, Bryn Mawr, Pennsylvania (2014)

Bayesian Statistics in Ecology, Bryn Mawr College Data Science course, Bryn Mawr, Pennsylvania (2014)

Towards more process-based species distribution models. Michigan State University's Hanover Seminar Series, East Lansing, Michigan (2013)

Approaches to scaling up ecological data. National Ecological Observatory Network, Boulder, Colorado (2013)

How not to get lost in the woods. Harvard Forest Summer Research Experiences for Undergraduates Program, Petersham, Massachusetts (June 2010-2013)

Grad School 101, Smith College Life Sciences Lunch Bag Seminar Series, Northampton, Massachusetts (2012)

An integral projection model for a metapopulation. Max Planck Institute for Demographic Research, Rostock, Germany (2012)

Climate change and species distributions: From ancient forests to mangrove swamps. Smith College, Department of Biological Sciences (2012)

Conservation, invasion, and hemiparasitic plants. Lecture for Hampshire College Rare Species course, Amherst, Massachusetts (2011)

Best management practices for Swamp Lousewort. Massachusetts Natural Heritage and Endangered Species Program, Westborough, Massachusetts (2010)

Conservation while under invasion. University of Massachusetts Amherst, Plant Biology Program (2008)

Seed dispersal: Implications for forest regeneration. University of Massachusetts Amherst Plant Biology Program (2005)

Vascular plants and lichens of Spray Park, Mount Rainier, Washington. Mount Rainier National Park Headquarters (2003)

Invited workshops

NSF Environmental Data Initiative, University of New Mexico, Albuquerque, New Mexico (2017) *Participant*

NASA: Linking Geodiversity to Biodiversity Using Remote Sensing, National Center for Ecological Analysis and Synthesis, Santa Barbara, California (2017-Present) *Organizer*

Long Term Ecological Research Network – National Ecological Observatory Network Synergies, National Center for Ecological Analysis and Synthesis, Santa Barbara, California (2017-Present) *Participant*

Long Term Ecological Research Synthesis of Metacommunities, National Center for Ecological Analysis and Synthesis, Santa Barbara, California (2016-Present) *Participant*

The Ecological Society of America's Scaling Up workshop for early career scientists, Baltimore, Maryland (2013) *Participant*

Identifying best practices for graduate student social-ecological research, Coweeta Long Term Ecological Research Site, Otto, North Carolina (2013) *Organizer*

Identifying best practices for graduate student social-ecological research, All Scientist Meeting of the Long Term Ecological Research Network, Estes Park, Colorado (2012) *Organizer*

Mangrove Management and Function working group at the Small Fisheries Federation of Pambalaw-Chilaw Lagoon, Sri Lanka (2012) *Participant*

Integral Projection Models working group at the Max Planck Institute for Demographic Research, Rostock, Germany (2012) *Participant*

PALEON: Paleocological Observation Network working group at University of Wisconsin Madison, Madison, Wisconsin (2011, 2013); University of California Berkeley, Berkeley, California (2012); Harvard Forest, Petersham, Massachusetts (2011) *Participant*

Spatial autocorrelation in ecological models group at University of Hamburg, Hamburg, Germany (2010) *Participant*

Likelihood methods in ecology group at Institute for Ecosystem Studies, Millbrook, New York (2006) *Participant*

Academic Service

Bryn Mawr College Service

Speaker at regional Women in Data Sciences Conference at SAP Headquarters (Spring 2017)

Co-PI on NSF-INCLUDES institutional grant for broadening participation in data sciences at all women colleges (Spring 2016)

Junior Faculty Co-Convener (Fall 2015 – Spring 2016)

Search committee for tenure-track hire in Computer Science (Fall 2015)

Environmental Studies Steering Committee (Fall 2014 - Present)

Panelist for admissions recruiting session on women in STEM fields (Spring 2015)

Chair of search committee for a Consortium for Faculty Diversity postdoctoral fellow at Bryn Mawr College (2014)

Contributed to discussion leading up to a successfully funded grant from the Sherman Fairchild foundation (\$300,000) to promote student career development

Professional Service

Organizer of an Organized Oral Session entitled 'Challenges and opportunities for investigating ecological communities across space and time: Insights from coordinated research networks' at the Ecological Society of America's Annual Meeting in Portland, Oregon (2017)

Organizer of an Ignite Session entitled 'Connecting remote sensing to biodiversity science in the Anthropocene' at the Ecological Society of America's Annual Meeting in Portland, Oregon (2017)

Organizer of a Special Session entitled 'How can current and future satellite missions advance biodiversity science? A discussion of current tools and future ideas' at the Ecological Society of America's Annual Meeting in Portland, Oregon (2017)

Organizer of an Organized Oral Session entitled 'Advances in process-based species distribution modeling' at the Ecological Society of America's Annual Meeting in Sacramento, California (2014)

Student Councilor of the New England Botanical Club, Cambridge, Massachusetts (2009-2010)

Reviewer of manuscripts submitted to: *American Journal of Botany* (2), *American Naturalist* (1), *Basic and Applied Ecology* (1), *Biological Conservation* (1), *Biological Invasions* (1), *Biotropica* (1), *Diversity* (1), *Diversity and Distributions* (1), *Ecography* (2), *Ecology* (3), *Ecology Letters* (1), *Ecological Monographs* (3), *Journal of Biogeography* (1), *Journal of Ecology* (4), and *Rhodora* (1).

Reviewer of grant proposals submitted to the National Science Foundation and the Research Council of Norway

Community Service / Outreach

Co-founder of and Treasurer for Radnor to River, a non-profit organization dedicated to land conservation in Nashville, Tennessee (www.radnor2river.org)

Duggan Middle School Forest Park Bioblitz, Springfield, Massachusetts (2010)

Activity leader for Ecological Society of America's Strategies for Ecology Education, Diversity and Sustainability (SEEDS) visit to Harvard Forest (2008)

Professional affiliations

American Statistical Association, Ecological Society of America, Long Term Ecological Research Network, the New England Botanical Club, and the Philadelphia Botanical Club

Presentations at scientific conferences

- S. Record. 2017. Data sciences at all women colleges. American Statistical Association's Women in Data Sciences Conference. La Jolla, California. Panelist.
- S. Record, T. McCabe, B. Baiser, and A.M. Ellison. 2017. Are foundation species effects different than those of dominant species? A case study of North American ant assemblages. Ecological Society of America's Annual Meeting, Portland, Oregon. Oral presentation.
